## Skills

- Java core
- Object Oriented Programming
- JDBC
- SQL
- Maven
- Servlet & JSP
- Hibernate & JPA
- Spring Framework
- Spring Boot
- HTML / CSS

## Education

### B.Tech [Computer Science and Technology]

Shri Guru Gobind Singhji Institute of Engineering and Technology, Vishnupuri, Nanded.  
CGPA:- 8.04  
2020-2023

### Diploma in Information Technology

Government Polytechnic College, Nanded  
Percentage:- 93.63%  
2018-2020

### HSC

Mahatma Gandhi Mahavidyalaya, Ahmedpur.  
Percentage:- 71.08%  
2018

### SSC

Blue Bells English Medium School, Naigaon.  
Percentage:- 92.40%  
2016

## Hobbies

- Reading Books
- Exploring Spiritual Knowledge

## Experience

### Coditas | Associate Software Engineer Intern

jan 2023- may 2023

#### Key responsibilities:

- Collaborated with a team of 10 developers to design, develop, and test Java-based software applications, contributing to the successful completion of projects.
- Gained hands-on experience in various stages of the software development lifecycle, including requirements gathering, design, coding, and debugging.
- Utilized industry-standard tools and frameworks such as Spring ORM, SpringBoot and REST APIs to streamline development processes and improve overall productivity.

## Projects

### Immunization

- Developed a Java-based project to streamline record-keeping for childcare workers by replacing paper-based systems with a digital solution by 70%.
- Designed and implemented an intuitive digital system that enables childcare workers to effortlessly record and manage student details, improving efficiency and accuracy in record-keeping processes by 25%.

### Customer Relationship Management

- Developed a Java EE-based CRM project using Hibernate, Servlets, and JSP, showcasing expertise in enterprise-level application development and database connectivity.
- Created the project's architecture, including the integration of Hibernate ORM framework and the development of a user-friendly UI with Servlets and JSP, resulting in a robust and scalable CRM solution.
- Implemented user authentication and access control mechanisms to ensure data security and privacy.
- Conducted performance testing and optimization to enhance system efficiency and response times.
- Collaborated with the client to gather requirements and provide regular project updates.

## Certification

- [Java Programming \(Great Learning\)](#)
